

# Table of Contents

<b>1 Introduction/Executive Summary .....</b>	<b>1-1</b>
Introduction .....	1-1
Logan Airport Environmental Review Process.....	1-2
Overview of Logan Airport .....	1-3
2005 Highlights and Accomplishments.....	1-6
Sustainability at Logan Airport .....	1-10
Organization of the 2005 EDR.....	1-15
<b>2 Activity Levels.....</b>	<b>2-1</b>
Introduction .....	2-1
Key Findings .....	2-1
Airport Passengers in 2005.....	2-2
Aircraft Operations in 2005 .....	2-3
Low Cost Carrier Trends in 2005.....	2-5
Passengers and Operations Trends in 2005 .....	2-6
Airline Passenger Service in 2005.....	2-8
2005 Cargo Activity Levels .....	2-11
Airline Industry Analysis.....	2-11
<b>3 Airport Planning.....</b>	<b>3-1</b>
Introduction .....	3-1
Projects Completed in 2005.....	3-1
Terminal Area Projects/Planning Concepts .....	3-4
Service Area Projects/Planning Concepts .....	3-7
Airside Area Projects/Planning Concepts .....	3-12
Airport Buffer Projects.....	3-16
Airport-wide Projects.....	3-18
Airport Parking Projects/Planning Concepts.....	3-18

# 2005 EDR

## LOGAN INTERNATIONAL AIRPORT

<b>4 Regional Transportation Context</b> .....	<b>4-1</b>
Introduction .....	4-1
Key Findings .....	4-1
New England Regional Airport System.....	4-2
Regional Airport Activity Levels .....	4-4
Regional Airport Improvement Plans .....	4-10
Initiatives in Support of Regional Alternatives.....	4-12
<b>5 Ground Transportation Improvement</b> .....	<b>5-1</b>
Introduction .....	5-1
Key Findings .....	5-2
2005 Ridership and Trends.....	5-4
Logan Transportation Management Association (TMA) .....	5-15
Ground Access Traffic Conditions .....	5-17
2005 Parking Conditions.....	5-20
Ground Access Planning .....	5-25
<b>6 Noise Abatement</b> .....	<b>6-1</b>
Introduction .....	6-1
Key Findings .....	6-1
Regulatory Framework.....	6-3
Noise Modeling Process .....	6-5
Noise Model Inputs .....	6-8
2005 Noise Levels .....	6-26
Supplemental Metrics .....	6-35
Noise Abatement .....	6-40
<b>7 Air Quality/Emissions Reduction</b> .....	<b>7-1</b>
Introduction .....	7-1
Key Findings .....	7-1
Regulatory Framework.....	7-2
Logan Airport Air Quality Permits for Stationary Sources of Emissions.....	7-4
Methodology for Emissions Inventory.....	7-4
Emissions Inventory for 2005.....	7-6
Measured NO <sub>2</sub> Concentrations .....	7-15
Air Quality Emissions Reduction.....	7-18
Air Quality Management Status .....	7-23
Updates on Other Air Quality Initiatives .....	7-24

# 2005 EDR

LOGAN INTERNATIONAL AIRPORT

<b>8</b>	<b>Water Quality/Environmental Compliance .....</b>	<b>8-1</b>
	Introduction .....	8-1
	Stormwater Management.....	8-2
	Fuel Use and Spills.....	8-5
	Tank Management Program .....	8-7
	Site Assessment and Remediation.....	8-7
	Environmental Compliance and Management.....	8-13
<b>9</b>	<b>Project Mitigation Tracking.....</b>	<b>9-1</b>
	Introduction .....	9-1
	Projects Nearing Completion of Mitigation Requirements .....	9-2
	Projects with Ongoing Mitigation.....	9-4

# List of Appendices

## **MEPA Appendices**

- Appendix A – MEPA Certificate and Responses
- Appendix B – Comment Letters and Responses
- Appendix C – Proposed Scope for the 2006 EDR
- Appendix D – Distribution

## **Technical Appendices**

- Appendix E – Activity Levels
- Appendix F – Regional Transportation Context
- Appendix G – Ground Transportation
- Appendix H – Noise Abatement
- Appendix I – Air Quality/Emissions Reduction
- Appendix J – Water Quality/Environmental Compliance
- Appendix K – 2006 Peak Period Pricing Monitoring Report
